

Kauai ARC

The Kauai Amateur Radio Club

SWAP MEET

The Swap meet will be held on Saturday April 11, 2009 from 9 AM until Noon

Sellers can set up at 8:30

**Bring your equipment for sale and plan on doing
some buying as well**

At noon there will be a **pot luck lunch**. If you would like to share a meal with everyone, please bring your family and a dish of food to share with the group plus your drinks. Types of food can be salads, main dish or desert. In years past, this has always been fun at the field day and gives our families a chance to meet and socialize.

The swap meet will be held through the courtesy of the Nawiliwili Yacht Club at their clubhouse near the Nawiliwili small Boat Harbor (see map & directions).

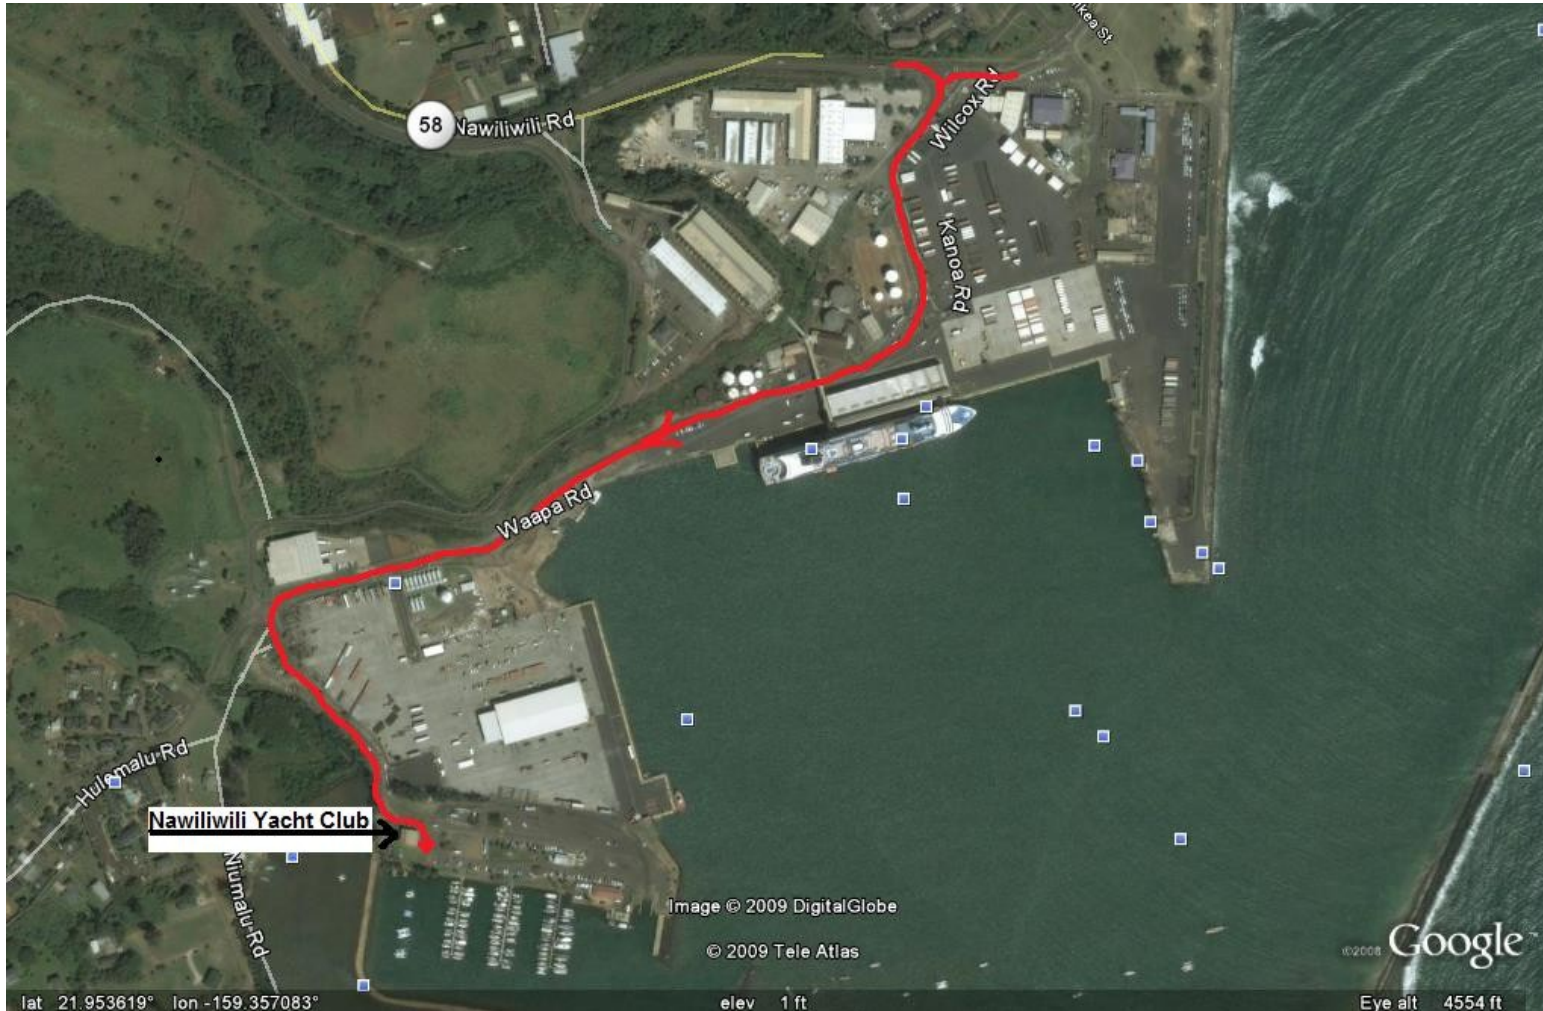

Are you planning to sell at the Swap meet?

We are asking each person who offers something to sell to donate \$5 to the Yacht Club for their Aloha in sharing their facility with us for this event.

If you can, **bring a table**. The Yacht Club has a few tables we can use. If we run short, we'll share, but a few extra tables might be needed. If you have a table and room in the car, please bring it along.

Items for sale must be Amateur Radio related such as radio equipment and associated parts, computer and related parts, and any other items that are reasonably considered part of the amateur radio hobby.

For more information, contact Bob Fuller, W7KWS at 808-822-7117. Or, get my email address from qrz.com or the Kauai ARC roster if you are a member.

Directions

From the Kukui Grove Shopping Center or from Rice Street, follow Nawiliwili Rd. to Wilcox Rd. (by the old Hale Kauai Building Supply) and turn south. This road continues past Matson and changes name twice. When you pass Young Brothers on your left, turn left on the unnamed road to the Nawiliwili Small Boat Harbor. The Nawiliwili Yacht Club House is just before you reach the boat harbor and is well marked. We'll monitor 146.92
